Selecting **private clouds***

63%
Deciding/advising on which apps move to cloud*

About Dimension Data

As award winning cloud specialists, with Gold partner status in both Citrix and Microsoft, and over 20 years of experience in network optimisation, data center operations, virtualisation and security, we combine the two technologies to build virtual desktops for the financial sector.

By integrating Citrix's services with Microsoft's collaboration, productivity and desktop tools (Windows 10, Office 365, Skype for Business and Cisco Spark), we determine a safe migration path to the cloud that ensures user centric services, enterprise mobility and cost savings, whilst maintaining your competitive advantage.
